### SPAIN MAY SOON YIELD

Madrid Government is Discouraged By the Outlook.

WILL LET CERVERA AND BLANCO CARE FOR THEMSELVES.

Washington, June 11—Special—The frequent delays in the sailing of Camara's fleet lend color to the report that Spain has concluded to allow the campaign in Cuba to go by default. Cervera's plight at Santiago is looked upon as an evidence of his bad judgment, and he will be allowed to get out of it as best he may or suffer himself to be captured. The home army has already been too much depleted by the sending of troops to Cuba, and if Blanco cannot save himself with the force he now has he will be suffered to perish. Lack of resources has brought the government to this conclusion.

#### Shafter's Expedition.

Washington, June 11—Special—It is denied here that the Santiago expedition put in at Tampa through fear of Spanish vessels of war. The expedition is abundantly able to protect itself against any real or imaginary foe that could by any possibility be in these waters. The entire truth is that Gen. Shafter had orders to put in there for final instructions. These he received and set sail again promptly. The expedition will doubtless reach its destination tonight or early Sunday morning, and be ready to act at once in conjunction with Admiral Sampson's fleet. It is thought here that a decisive engagement cannot be delayed longer than Monday.

#### England's Position.

London, June 11—Special—Lord Balfour's announcement that Great Britain will not intervene in the interests of peace between Spain and the United States is taken as conclusive and final. This decision is consistent with the government's past policy, and is taken without reference to any possible alliance of the future. If other powers should interfere it is certain that Great Britain will espouse the cause of the United States, forcibly if the necessity should arise. This fact has been made known at all the European courts.

#### Holding Its Position.

Off Santiago, June 9—Special—The cruiser Marblehead has returned to Guantanamo Bay, where she is holding the harbor and awaiting the arrival of marines to take the town of Caimanera. The place is defended by five hundred Spanish troops and two gunboats. Only a small force be required to take the town. The fleet communicates daily with the insurgents, who report provisions are becoming very scarce in Santiago. Negotiations for the exchange of Hobson and his associates continue.

#### The Cable Cut.

Off Santiago, June 11—Special—The cable boat Adria has dug up the Santiago cable, and five feet of it now hangs in Capt. Phillips' cabin on the battleship Texas. The Adria performed its task under the guardianship of the Texas, but despite this fact a Spanish torpedo boat attempted to creep upon the cable boat. However, before the terrible craft could come within distance the Texas had trained its guns on the destroyer and forced it to turn tail.

#### A Court Martial.

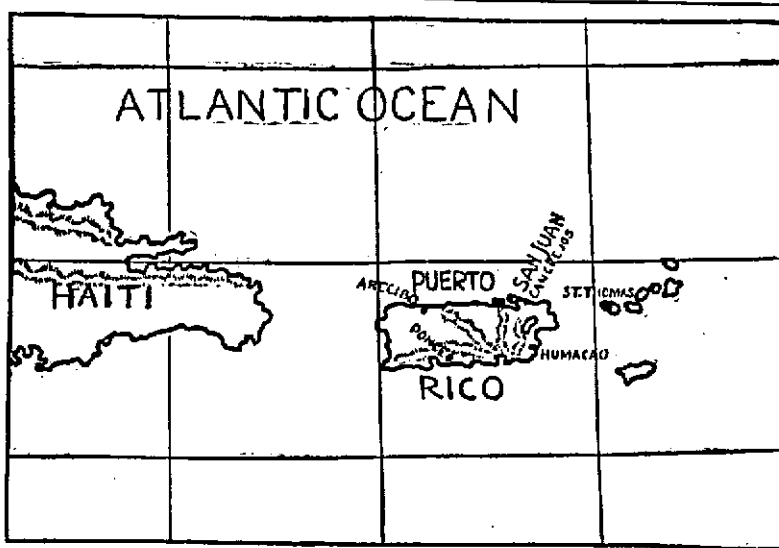

Chattanooga, June 11—Special—It leaked out this morning that a sensational court martial is promised in the One Hundred and Sixtieth Indian Sunday. The facts are suppressed, but it is certain that a commissioned officer will have to answer serious charges, for which he is now under arrest.

#### A Price on August's Head.

New York, June 11—Special—The Journal says: Today Aguinaldo was to have made a final attack on Manila. Dewey will take no part in the fight. Aguinaldo has informed the Spanish governor that if the reward for his head was not withdrawn he will have August's head.

#### European Intervention.

Berlin, June 11—Special—The Kreuter Zeitung positively asserts that several of the powers have interchanged opinions in regard to the advisability of mediating between Spain and the United States.

MAP OF PUERTO RICO.

The island of Puerto Rico is 90 miles long and 30 miles wide. Its principal city, San Juan, was recently bombarded by Admiral Sampson. The island has been a great source of revenue to Spain, is very productive and the climate generally salubrious.

#### ANOTHER FACTORY FOR BOWER CITY

JANESVILLE BARB WIRE COMPANY THE BUILDERS.

Proposed Structure Is Said To Be a Thing of the Near Future—Rush of Business Accounts For It—All Surveyors Are Now at Work on the Ground.

The erection of a new factory to be run in connection with the Janesville Barb Wire Works, is now being actively contemplated by members of the firm. Although they deny at present having made any definite move in this direction, knowing ones say that the erection of another modern barb wire, nail and wire fence factory in this city is only a matter of a short time.

Surveyors in the interest of the Chicago & Northwestern railroad company were in the city today, surveying in the vicinity of South River and School streets, for the purpose of running new side tracks to the proposed new factory. For several weeks past the local factory has been running day and night, and has been unable to fill the orders on hand. The great demand is for wire fencing, orders coming in from all sections of the country. Travelling men who have been on the road for the firm were called in several weeks ago for no other reason than that the local firm wanted no more orders taken till those on hand could be filled.

The situation instead of showing a falling off in the business shows an increase each day, and the only remedy now seems in the erection of another factory.

Work Will Soon Begin. From present plans it is the intention of the barb wire company to erect a modern building containing the latest improved machinery, which will mean the employing of many additional hands. It is the intention to build near the present works on South River street, although definite arrangements are yet to be completed.

#### MENACES THE TROOPS

Soldiers at Mobile Fear an Outbreak of Yellow Fever in Their Midst.

New Orleans, June 11—[Special]—Two new cases of yellow fever have been discovered at McHenry, Miss. It is reported here that there is much uneasiness in the camp at Mobile for fear that the disease will spread.

#### TWENTY WERE KILLED

Explosion of Gas in a Pennsylvania Mine Causes Great Loss of Life.

Wilkesbarre, Pa., June 11—[Special]—An explosion of gas took place in a mine shaft here this morning. It is reported twenty or more were killed.

#### M'ELROY FAILED TO PASS

Janesville Attorney Had a Defect in His Vision and Was Rejected.

Color blindness has brought discomfiture to Horace McElroy, of this city, who recently tendered his services to the government as an officer in the navy. Mr. McElroy had been an ensign in the navy before coming to Janesville and at the outbreak of the war promptly tendered his services which were accepted and he received a conditional appointment as lieutenant. Before assuming his duties he was subjected to a strict physical examination, which resulted in the discovery that he was slightly color blind, being unable to distinguish between green and brown. He was accordingly rejected and will be compelled to forego his dreams of glory upon the quarter deck.

#### ONLY A LITTLE FAMILY AFFAIR

DEMOCRATIC POLITICIAN ACCUSED OF WIFE BEATING

Herman Kath Indulged in the Pastime While in Liquor and is Called to Answer in the Municipal Court—Insists the Matter is None of the Public's Business.

Herman Kath, late democratic nominee for alderman of the Fourth ward, was arrested last evening by Under Sheriff Wallace Ockrane on the charge of assault and battery. The complaint was sworn out by his wife, Matilda Kath. In the municipal court this morning the defendant appeared to answer to the charge and on motion the case was adjourned until June 15 at 2 o'clock, bail being furnished in the sum of \$150.

Mrs. Kath alleges that she and her husband started to go to a dance in Johnstown Wednesday night, but that they never got there owing to the fact that her husband was intoxicated. She further says that after they returned home he cruelly beat her. She now demands satisfaction.

The defeated democratic nominee has but little to say other than that it was just a "little family affair."

#### BRIEFS FROM BELOIT

Promotion of a Well Known Official—The Commencement Exercises at Beloit College.

Beloit, Wis., June 11—[Special]—Benjamin W. Holman, of this city, for a number of years clerk in the sixth auditor's office at Washington, at a salary of \$1,500, has been promoted to disbursing clerk, at \$2,500.

There are thirty-three graduates in the college class this year, seven of whom are girls. Those are the first girl graduates from Beloit college. Following is the college commencement program:

SUNDAY, JUNE 13.  
10:30 a. m.—Address before the Christian Association, Hon. John M. Whitehead, Janesville.  
4:30 p. m.—The baccalaureate sermon, the President.  
MONDAY, JUNE 20.  
9:30 a. m.—Prize Declamations by the Young Women of the Freshmen and Sophomore classes.  
2:30 p. m.—Prize Declamations by the Young Men of the Freshmen and Sophomore classes.  
8:00 p. m.—Concert.

TUESDAY, JUNE 21.  
10:00 a. m.—The Rice Extemporaneous Speaking.  
3:00 p. m.—Class Day Exercise.  
5:00 p. m.—Alumni Meeting and Banquet.  
7:30 p. m.—Public Meeting of the Alumni, Addresses by Prof. L. E. Holden, Class of '88 Poem by Rev. J. N. Davidson, Class of '88.  
8:30 p. m.—The President's Reception.  
WEDNESDAY, JUNE 22.  
9:00 a. m.—Commencement Prayer Meeting.  
9:00 a. m.—Graduation of the Class of 1898.  
12:00 m.—Dedication of Emerson Hall.  
1:00 p. m.—Corporation Dinner.

One of the attractions of Commencement week will be a concert to be given Monday evening, June 20, in the First Congregational church. The musical organizations of the college have joined together, and assisted by other home talent will give a fine concert in the evening for the benefit of the organ fund. There will be no senior concert this year and this concert will take the place of it.

#### COULD NOT PLAY THE GAME

Rain Interfered With the Janesville-Edgerton Ball Match.

Members of the Y. M. C. A. baseball team returned from Edgerton at 8:30 o'clock last evening a disappointed lot. Yesterday they went to the town of leaf tobacco fame with a team they were proud of and for the express purpose of defeating the Edgerton team. Rain put a stop to everything and the game was adjourned till next Tuesday when it will be played here in Janesville. Members who made the trip to Edgerton were Brewer, Blakey, Carlo, Brownell, Fisher, Folley, Kline, Nolan, Kearney and Johnson.

### OUR FLAG NOW THERE

Stars and Stripes Raised Upon Cuban Soil Yesterday.

FLOATS OVER BLOCK HOUSE AT GUANTANAMO.

Caimanera, June 10, via Mole St. Nicholas, June 11—Special—The landing in force by Americans was made on Cuban soil this afternoon and the American flag now waves over Guantanamo harbor. Under the protection of the Oregon, Yosemite, Marblehead, Yankee, Porter, Dolphin and Vixen, six hundred marines were landed from the troop ship Panther without firing a shot. All our vessels entered the harbor without molestation and dropped anchor. Without waiting to see what was coming, the Spaniards in the block houses fled, leaving everything behind. The block house was then fired by the marines and the flag hoisted.

#### Panic at Santiago.

Cape Haytien, June 11—Special—News from Santiago is to the effect that a panic prevails there. The American and Cuban bombardment is expected hourly, and all residents who can get away are flying to the interior. The terrible effect of the American guns upon the forts and ships in the bay has inspired terror in the breasts of all. Resistance to the attack is admitted on all sides to be hopeless, and the only safety of non-combatants is in flight. The city will be practically deserted by the time the attack begins, save by the troops manning the forts and those on board of Cervera's fleet, who, of course, are compelled to remain and offer whatever resistance they can. The fall of the city and the destruction or capture of Cervera's fleet is regarded as inevitable.

#### Hammering at Santiago.

London, June 11—Special—A dispatch from Havana confirms the report of the bombardment of Santiago yesterday. The report is as follows: This morning eight of Sampson's ships again bombarded Santiago. At the same time a number of boats attempted to make a landing. The Spaniards, skillfully located, repulsed the attempted landing and the Americans drew off. The cannonade lasted three hours. No damage was caused by the shells from the ships which kept distant, evidently afraid to venture within range of the guns of the forts.

#### Will Take the Ladrones.

Washington, June 11—Special—The report that the Charleston, on her way to Manila, may seize the Ladrones Islands is believed to have some basis of truth. It is assumed that the Charleston will take the islands for the purpose of establishing a suitable base for the monitors Monandock and Monterey, which cannot make the trip to Manila without replenishing their bunkers.

#### Hobson's Achievement.

Washington, June 11—Special—The navy department today made public Sampson's official report of Hobson's heroic deed. He says the achievement is worthy of the highest commendation and hopes Hobson and his companions will be suitably rewarded.

#### The Forward Movement.

Washington, June 11—Special—Unless circumstances make a change of plan advisable it is now said the troop transports will leave for Cuba on Monday. If the expedition starts at that time, it ought to get to Santiago by the following Wednesday or Thursday.

#### The Manila Expedition.

Washington June 11—Special—The first part of the second Manila expedition is expected to leave San Francisco today. The war department is sending final dispatches.

#### Americans Did Not Land.

Madrid, June 11—Special—Yesterday's bombardment of Santiago, officially reported from Havana today, lasted three hours. The Americans failed to land.

#### A Change of Government.

Madrid, June 11—Special—El Nacional predicts the fall of the government and the formation of a cabinet either by Campos or Salva.

## ALUMNI BANQUET OF HIGH SCHOOL

FITTING CLOSE TO THE WEEK'S  
COMMENCEMENT EXERCISES.

An Elegant Repast in Which Two Hundred Participated—Toasts Interspersed With Songs Filled the Evening—An Occasion of Much Enjoyment.

The closing chapter of a week's High School festivities was given, last evening at East Side Odd Fellows hall by the Alumni Association in the form of a delightful banquet and reception in honor of the class of '98. Fully two hundred were present. The hall presented a most inviting appearance and the good work of the decorating committee completed all details. Forty four members of the honored class were located in the center of the hall at a table which was profusely decorated with flowers and the national colors while suspended from the center hung a Cuban flag. Rain during the hour set for the banquet had the effect of delaying the arrival of many and it was nearly nine o'clock when the guests were seated.

A Large Attendance  
The roll call was first in order and as the different classes were called the "pupils" stepped forward in the line of march, which was formed prior to the seating at the tables. No one responded to the first few calls for ex-graduates, among the first to come forward being Mrs. C. S. Jackson, Mrs. Ada O. Goff, and Alderman S. O. Burnham, they being the oldest members of the alumni present.

A Tempting Repast  
Caterer George A. Shurtleff had charge of the banquet, the association, however, being indebted to Miss Caroline Grover, teacher of the cooking department of the High school, for a part of the menu. The banquet was most excellent, the following being the MENU.

Creamed Potatoes.	Veal Loaf.
Bread Sandwiches.	Roast Chicken.
Lemon Jelly.	Pickles.
	Salted Almonds.
	Coffee.
Tomato and Cucumber Salad.	Wafers.

Ice Cream. Cakes. Assorted Wafers  
Twenty-six members of the class of '98 presided over the table, and they did the work in faultless style.

During the serving of the banquet the Orpheus Mandolin club, with Louis Alberti, harpist, rendered a delightful concert program.

At the post-prandial program Mrs. O. H. Brand, '91, president of the association, served as toastmistress, and in saying that she was equal to the occasion, is not half doing her work justice. No one could have filled the position with more credit, and her witty remarks were among the literary gems of the evening. She also welcomed the class under the subject, "The Muster Into Service."

Leonard M. Matthews, president of the class of '98, responded in a very pleasing manner, taking for his subject, "The Answer to Roll Call."

The Toasts.  
The succeeding toasts and responses were all appropriate to the time and occasion, and were as follows:

"The First Reunite." Response by S. O. Burnham, '91.

"The Campaign of the '70s." Response by Mrs. Walter Helms, '79.

"The Siege of the '80s." Response by W. G. Wheeler, '81.

"The Onward March of the '90s." Response by Carl Golling.

During the evening songs were sung by Miss Helen Gunderson, Miss Elizabeth G. Palmer, Miss Harriet Holt, Mrs. Minnie Menzies and the class of '98.

At the conclusion of the banquet dancing began, and was continued until a late hour.

Those who waited at the banquet were:

Misses	Myrtle Dewey,
Mae Atwood,	Gene McDonald,
Kathryn Fenton,	Emma Rowe,
Louise Neithorne,	Little Whitton,
Anna Shearer,	Grace Bladen,
Grace Wright,	Eva Green,

FAWN-COLORED PIQUE GOWN WITH BLUE RUCHES FROM HARPER'S BAZAR  
Blue and a certain shade of fawn, which are the dominant notes of color at present, combine to form a pretty pique model which is equally desirable for foulard, nun's veiling or cashmere. A novel feature of the waist is the trimming of festooned ruffles, a revival of an old time fashion. It is an imported fancy, consisting of pleated frills of ribbon which are fringed in the twinning—a tiny fringe on each edge—and a cord is also woven in for drawing it into any required fullness or design. The yoke, now an almost universal feature of dress, is of corded white lawn, an accompaniment to the smallest of gigot sleeves, which have three tucks on the upper arm and frills at the wrist. The corsage, broadened by shoulder revers, is crossed to the left side, where the ruching meets that of the skirt in a continuous effect. The skirt is of circular cut, and is trimmed to imitate an overlapping front with a rounded corner. Its width is three yards and three quarters. The yoke is in pointed form at the back. The belt ribbon is of velvet. The proper cut of the gown can be obtained only from the cut paper patterns published by Harper's Bazar, where it appears. Quantity of material—pique, 30 inches wide, 8 yards; ruching, 10 yards; blue lawn, 3½ yards.

LOCAL TEACHERS TO ATTEND  
Janesville Will Send Good Sized Delegation to Washington

Several of the local school teachers have completed plans for their trip to Washington next month and not a few will make the trip from Rock county. Prof. D. D. Mayne, as well as many of the teachers will make the trip on the special train to leave Chicago July 5. Board and rooms will be assigned on the train, so that there will be no inconvenience in finding quarters as soon as the delegates arrive at the capital. There will be an unusually large delegation from Wisconsin this year to the annual convention of the National Educational association which will include not only the prominent educators of the state but a number of the rank and file of the teachers.

Terribly Afflicted

Little Girl Could Hardly Breathe Owing to Catarrh

Hood's Sarsaparilla Cured Her and Her Worn Out Mother.

"My little girl was terribly afflicted with catarrh and she could hardly breathe at night. She took many different medicines without benefit and we became almost discouraged. One day I read an advertisement of Hood's Sarsaparilla and concluded to try it. She began taking it and was soon relieved. I believe she is now permanently cured, as she has not been troubled with catarrh for some time. I was run down in health myself and suffered constantly with headache, and felt all worn out. I thought Hood's Sarsaparilla might help me and I began taking it and it has cured me. I have not had any return of the lameness in my back or tired feeling." MRS. A. H. ALLMAN, Medford, Wisconsin.

## A SKILLFUL OPTICIAN

PROF. EDWIN TALLEY HERE

Is Located at the Park Hotel—Some Remarkable Testimonials For His Work

We take pleasure in introducing to our readers, Prof. Edwin Talley, an optician that has made himself famous throughout our neighboring states by his wonderful skill in fitting glasses to all sorts and conditions of eyes. Prof. Talley is in Janesville at the instigation of the G. A. B. Post, of the city and has his optical parlor at the Park Hotel. He comes to us highly recommended by G. A. B. Posts of other states from which he has numberless complimentary letters testifying to his remarkable skill. He has also in his possession many warmly commendatory letters from many individual members. The value of Prof. Talley's spectacles constructed to aid defective vision on strictly scientific principles, have received recognition at the hands of prominent physicians from various parts of the world. We know of whom we speak, for when men of such business sagacity and shrewdness as ex-governors, state senators, district and county judges, professors in medical institutions, presidents of commercial schools and business colleges, superintendents of the state schools for the blind, besides numerous others. When such men as these come forward and put their names under such strong testimonials, it is no idle talk, but means something, and leaves not a vestige of doubt in the mind of the most incredulous, of the professor's ability which with his extensive practical experience and matured and trained judgment cannot but benefit those securing his services even beyond their most sanguine expectations. The professor has been busily engaged during the short time he has been in the city in testing the capacities of and fitting lenses to the eyes of the members of the G. A. B. Post. Testimonials in general are very well in their way, but unless accompanied by corroboratory evidence they do not have much weight with the general public. But the testimony of home witnesses known to us all, such testimonials as are given below appear in an unquestionable form. The professor has demonstrated beyond peradventure that his skill is unsurpassed and his efforts to please far above reproach or adverse criticism. Those who are contemplating calling upon him should do so without delay as he will probably remain in the city only long enough to fill his engagement with the G. A. B. Post.

The following testimonials from well known citizens of Janesville will be read with interest:

I desire to say in behalf of Prof. Talley, who has lately fitted me with glasses that they are excellent in every respect and wish to earnestly recommend the professor and his work to my friends. The opportunity for consulting with a skilled optician should be taken advantage of by people affected with eye trouble.

A. O. THORPE, County Treasurer.

I desire to say in behalf of Prof. Talley that his efforts to please me in the fitting of a pair of glasses have been perfectly satisfactory. The lenses with which he fitted me are the best I have ever had, and I wish to take this opportunity of recommending his work to my friends.

W. G. PALMER.

We have given the glasses furnished me by Prof. Talley a thorough and severe test, and am well pleased with them. They are giving me perfect satisfaction in every respect, and we can conscientiously recommend the professor's skill and work as an optician to anyone requiring his services.

O. D. CHILDS, Commander.

J. L. BRAN, Ex-Sheriff.

I desire to say that Prof. Talley has fitted to my eyes an excellent pair of glasses. I am more than pleased with them and I advise all my friends and especially members of the G. A. B. who have received cards, not to neglect this opportunity of having their eyes properly tested and fitted with glasses. O. J. SCHORLE, Quartermaster W. H. Sargent Post, No. 23.

It is with pleasure I take this opportunity of testifying to Prof. Talley's skill as an optician. The glasses he has fitted for me are by far the best I have ever had and give me entire satisfaction, while his examination and diagnosis of a case of falling vision prove beyond doubt that his knowledge of the eye and its requirements cannot be excelled. I am glad to recommend Prof. Talley to all my friends.

T. H. EDDEN.

I am usually somewhat averse to recommending professional men through the medium of the press but Professor Talley has benefited me very much by fitting my eyes with a pair of glasses and I feel like recommending him to my friends. The glasses are giving me excellent satisfaction and I am perfectly pleased with my treatment at his hands.

W. J. MCINTYRE.

I desire to say in recommendation of Prof. Talley that his judgment in fitting spectacles to my eyes is all that I could desire. I am so well pleased with my glasses and I take this method of advising anyone who may be in need of glasses to call on the professor.

L. C. BROWN, Proprietor Park Hotel.

I am pleased to add a few words of commendation for Prof. Talley, as the glasses with which he has fitted me give complete satisfaction. Give him a call if your eyes are troubling you.

THIS DAY IN HISTORY.

1591—Roger Bacon, commonly called Friar Bacon, scholar, alchemist and liberal writer, died at Oxford, born 1214. The romance of the wizard of Babilonia and his name, Roger Bacon, was called remarkably. Roger's great work, "Opus Majus," is said to suggest the spirit of Lord Bacon's "Novum Organum."

1776—The continental congress named the committee of five to draw Declaration of Independence. The document was subsequently discussed and amended in congress and adopted after a stormy debate, in which John Adams was "the colossus."

1796—Napoleon seized the island of Malta on his Egyptian campaign. The Maltese arose in insurrection and compelled the French to take refuge in the fortress of Valetta. Siege and famine reduced them to straits, and they surrendered to the English, who had come to aid the Maltese. England took the island and has since held it.

1800—The seceders from the Charleston convention met in Richmond.

1870—William Gilmore Simms, author, died at Charleston, born there 1819.

1883—Professor Daniel Kirkwood, LL. D., late of the Indiana State university, died at Riverside, Cal.; born 1814.

CHEAP FIREARMS.

A marked change in the export trade of Belgium in firearms with the United States is noted by the American Economist in a recent report of Consul Gilbert at Liege. As a direct result of the new duties of the Dingley law very few double barrel guns costing more than five dollars are shipped to this country from Belgium, whereas large invoices of high-priced guns were formerly exported. In consequence the business of supplying the more expensive guns has been thrown into the hands of American makers. Consul Gilbert says:

"Since the Dingley tariff went into effect thousands of steel barrels in the rough state have been exported from here to the United States to be there finished and mounted, which naturally increases the demand for skilled labor in the gun factories at home."

Belgian firearms are so cheaply made that they can be exported at a profit even under the duties of the Dingley tariff. Double barrel shotguns are involved in Liege at \$4 each, and revolvers at 40 to 75 cents each. Of course these are made at pauper wages and are in quality vastly inferior to the machine made guns and revolvers of the United States. It is a question worth considering whether the total exclusion of the firearms of cheap Belgian grade would not be in many ways advantageous to the United States. It would lessen the number of casualties resulting from the use of defective weapons and would increase the demand for the higher grade of arms manufactured in this country.

WAR NEWS VIA "GRAPEVINE."

Although Uncle Sam has placed a censor on every wire leading from the "seat of war," the high salaried special correspondents on board the fleet and expensive "dispatch boats"—formerly tugs and fishing smacks—continue to "telegraph" great quantities of copyrighted war news that certainly would not pass the censor if he saw it. Verily the eminent strategists of the press can accomplish wonders, but they should open a clearing house, and make their stories agree. The people may swallow a fake in a dozen different forms, if the foundations thereof be the same. But when no two stories agree, suspicion naturally arises that the gifted gentlemen on the swift converted mudscoves, are lying. It is a wise man who knows the truth when he sees it in the papers these days.

It is said that excepting only 1891, when trade was paralyzed in anticipation of the removal of duties, British exports to the United States were never so low as for the first quarter of 1898. The American policy of protection is to blame for it.

THEY WILL BE HAPPY NOW

Brandenburg-Wright

On Sunday, May 8, at the residence of Justice John Spencer, in Edgerton, occurred the marriage of Oliver O. Brandenburg to Miss Marguerite L. Wright, of Stockholm, Sweden. The groom is employed in the job department of the Gazette Printing Co. Mr. and Mrs. Brandenburg are making their home with Mr. and Mrs. O. W. Price, on Dodge street.

Swanson-Oberg

On the early morning train from Oak Lake arrived Claus Swanson and Miss Anne Oberg. On the noon train this same couple left for home as Mr. and Mrs. Claus Swanson. At the Congregational church parsonage at 9:30 o'clock, Rev. Robert O. Denison pronounced the words that made them one. The bride is premarital in Norwegian circles at Oak Lake, while the groom is a cabinet maker in the same city.

CONSIGNED TO MOTHER EARTH

Funeral services of the late Martin Whalen and Jeremiah Kenna

The funeral of the late Martin Whalen was held from St. Mary's church at 9:30 o'clock this morning. Rev. R. J. Roche officiating. The floral offerings were numerous and beautiful, and the interment was in Mount Olivet cemetery.

Mauds Hall.

Evansville, Wis., June 10—Miss Mauds Hall, second daughter of Mr. and Mrs. Lewis Hall, died at her home in this city, early this morning, of brain fever after an illness of but three days, aged about 15 years. Miss Hall was a student at the High school at the time of her death, and was a great favorite among her school mates and teachers. Her sister, Sybil Hall, will graduate from the High school, June 10. The funeral will be held in the Methodist church, Sunday afternoon at 2 o'clock, Rev. Bellini, officiating. Her Sunday school class will be the pall bearers.

Jeremiah Kenna

The funeral of the late Jeremiah Kenna was held from St. Augustine's church, at Kestville, this morning at 8:30 o'clock, the interment being in Mount Olivet cemetery.

Card of Thanks.

To Olive Branch Lodge No. 36, Ancient Order of United Workmen—Please accept my sincere thanks for the kindness of members of your order, shown myself and family during the recent illness and death of my son, William Cantwell; also for the promptness in settlement of his policy for \$1,000, which I received this morning.

MRS. JANE CANTWELL.

Japan Makes a Protest.

Washington, June 11.—Japan has entered a strong protest against the duty on tea provided for in the war revenue bill.

The protest was sent to the state department and by it forwarded to the conference committee.

The protest is based on the ground that a uniform duty of 10 cents a pound on all teas, cheap or dear, will have the effect of ruining Japan's tea trade with the United States.

Japan, it says, would not object to a duty graded according to value.

The protest was submitted as a result of instructions sent from the Japanese foreign office.

Must Forward No Army News.

Washington, June 11.—Gen. A. W. Greely, chief signal officer, has made a general order to the cable companies that hereafter no news concerning the movements of American vessels or of American troops would be permitted to be sent to foreign countries. The order covers both press cablegrams and private messages. Gen. Greely said that in the enforcement of the order no exceptions would be made. The order applies to all movements of vessels and troops, whether the subject matter of the dispatch offered has been published in this country or not.

Have Eyes on Liberia.

London, June 11.—The Berlin correspondent of the Daily Telegraph says: "The affairs of Liberia have recently been much discussed in Germany, especially in official circles. The Hamberger correspondent says: 'There are clear signs that Great Britain and France are contemplating an appropriation of territory in the east and west of the republic, and Germany should have her eyes open in order to get her share, which can only be secured by co-operation with the interested states.'"

Japs Would Buy Islands.

London, June 11.—The Shanghai correspondent of the Daily Telegraph says: "Advices from Hong Kong report that any serious resistance by the Spaniards, who are pressed by the insurgents and the Americans, is out of the question. The Japanese are discussing the desirability of buying the Philippines, if the islands are in the market. Failing to purchase them, they would prefer that the Philippines would become British."

Gen. Fitz Simons May Resign.

Washington, June 11.—There is a rumor in circulation here to the effect that Gen. Charles Fitz Simons of Chicago is preparing to resign from the army. It is given out as a reason for his proposed action that he is disgusted with the administration's conduct of the campaign against Spain.

Carlisle Leaders Active.

London, June 11.—A dispatch to the Standard from Vienna says it is reported that Don Carlos had invited the Carlisle leaders to a conference in Brussels. It is rumored that action by the Carlisle in Spain is imminent.

CELEBRATING THE FOURTH OF JULY

NO DECISION REACHED AT LAST NIGHT'S CITIZENS' MEETING.

The Mayor Regards a Demonstration at This Time Inexpedient—His Reasons Given at Length—The Matter Will be Further Discussed Next Tuesday.

The question of whether or not Janesville will celebrate the Fourth of July is still in abeyance. The meeting of last evening, called by Mayor Thoroughgood, resulted in no definite action, and the matter will receive further consideration on Tuesday evening.

The mayor occupied the chair and C. O. Bennett acted as secretary at last night's meeting. The mayor, in calling the meeting to order, said:

"By request I have called this meeting to arrange for or discuss the propriety of holding a Fourth of July demonstration in this city.

"Before proceeding further I want to say that I do not think the coming Fourth of July an opportune time for a demonstration. Personally I would much rather subscribe to a fund toward raising a purse for pocket money or some other suitable present and sending it to our young men who left this city so willingly to take part in a war we are all so anxious about.

"We know not when this war will end. We don't know how many of those boys who left parents and friends here so recently will return to us. Many may never return. And for that reason I think it somewhat out of place to celebrate. We are all hopeful the war will be of short duration and when the end comes there will be a national thanksgiving in which we of Janesville will join with the same will as we did the other day when Janesville soldier boys left us.

"While the mayor is always pleased to take a hand in anything that is of public moment and always willing to bear his share of the expense and labor attached, I think it my duty to discourage the collecting of money and entering into the labor incident to a Fourth of July celebration this year. I do not know whether you will agree with me, but those are my sentiments and I know the sentiments of many of our business men.

"I hope you will look into the matter before concluding on a day of festivity this year, because I am aware of the labor attached, the heavy expense to be incurred and the unwillingness of those who have always contributed liberally heretofore to subscribe to the fund this Fourth."

Postmaster Nowlan agreed with the mayor that it was inappropriate to celebrate this year, and thought the money a celebration would cost could be used to better advantage.

Messrs. F. S. Winslow, W. E. Bronson, O. S. Putnam and John C. Spencer were in favor of a demonstration.

The matter was discussed at some length, after which action was postponed till a subsequent meeting, to be held at the council chamber on Tuesday evening next.

SAVED FROM WATERY GRAVE

Emil Kelluff, a five year old boy, whose parents reside on Prairie avenue, came near losing his life at eleven o'clock this morning, in a watery grave.

The little fellow was near the upper dam with his three brothers who were fishing. A boy companion came along and in fun said to have suddenly taken a hold of Emil, which so frightened him that he lost his balance and fell in. He went under the water twice, and was about to go down for the third time when Fred Baldinger, a fifteen year old boy, jumped in, clothes and all, and brought him safely to shore.

COUNTRY CLUB ORGANIZED

Meeting of the Election of Directors Was Well Attended

Members of the Janesville Country club were represented at the meeting of the club last evening. Dr. J. W. St. John was chosen president pro tem and C. E. Pierce, secretary. Articles of incorporation were drafted, the capital stock being fixed at \$5,000. Three directors were chosen as follows:

Three Years—V. P. Richardson, John G. Rexford, G. G. Sutherland. Two Years—F. E. Fildeld, J. P. Baker, C. O. Russell. One Year—O. L. Fildeld, George M. McKay, C. O. McLean.

PLEASED WITH THE OUTLOOK

Tobacco Buyers Anticipate Plenty of Leaf During the Present Season.

Louis and Jacob Satter, two of the largest leaf tobacco buyers in this country, who have been in the Janesville market this week, returned to Chicago last evening. Whether or not they made any large purchases in this city or immediate vicinity, remains to be seen.

They expressed themselves as being well satisfied with the tobacco outlook in this vicinity.

CAUSED DELAY OF TRAINS

Passengers From Rockford Encountered An Obstruction on the Track

The Rockford-Madison passenger train on the St. Paul road pulled into Janesville a half hour late this morning and all on account of a freight wreck near Davis Junction. Trainmen report that a long freight broke in two with the result that one car was thrown from the track, blocking all traffic till the arrival of the wrecking train.

If the base ball enthusiasts will give the local team the patronage they deserve there will be some hot games here this summer. The first game comes next Tuesday when Edgerton plays here.

There will be services at Trinity church tomorrow at the usual hour, to which all Master Masons and Knights Templar are invited. Tomorrow is the Sunday nearest St. John's day, which is one of the titular anniversaries of Free Masonry.

The Sunday school rally at Lima tomorrow will be attended by quite a number of prominent workers from this city. There is an excellent prospect of a large attendance, as members of the surrounding towns will be represented by large delegations.

The Edgerton base ball club will contest for the honors with the Janesville team at Athletic park on Tuesday next. The local battery will be Carlo and Blakely and the visitors will have to play ball to hold their own. Chester Brewer is the captain of the Janesville team.

Five hundred people attended the projectoscope entertainment at the Y. M. C. A. building last night and all went away pleased. The pictures were very clear and bright and all were heartily applauded especially the Black Diamond express and the pillow fight. The entertainment will be repeated tonight with a change of program.

To My Customers and Friends. Having lately purchased the meat market formerly conducted by G. L. Greenback, I shall conduct a first class market in every respect. The fixtures, refrigerator, etc., are all new and as the latest patterns. I shall keep nothing but the best of meats for the trade. It will be my endeavor to please the public in everything, and I invite my friends to call. E. C. Brown, People's Meat Market, next to the opera house.

Plenty of Functions on the Tap for the Near Future

Mrs. M. G. Jeffrie will entertain next Tuesday afternoon at her South Main street home in honor of Miss Elizabeth Norcross, whose marriage to George W. Mason, of Chicago, takes place Wednesday afternoon at 4:30 o'clock at Christ church.

On next Thursday evening members of the Coterie club and their friends will participate in a dancing party to be held at Crystal Springs park.

Tuesday evening at the Armory the members of the Senior class of the Janesville high school will give their annual ball, which promises to be a delightful affair.

Monday evening next Miss Louise Crosby will entertain at her North Jackson street home in honor of Miss Norcross.

Mrs. H. S. Sloan entertained member of the Ladies' Afternoon Whist club this afternoon at her Court street home.

BASE BALL GAME AT BELOIT

College Team Plays the University Nine This Afternoon

A small sized delegation from this city went to Beloit this afternoon to witness the State University-Beloit College base ball game at Keep Athletic field. The majority of those from here went on the cars and the threatening weather kept many from attending from here. The college base ball team has undergone several changes this week prior to the game with Madison. Beaumont coached McMaster's right field and Merrill coach. Jeffrie held his old place at second base in this game for the first time in a month owing to an injury.

AGREED TO BY THE SENATE.

War Revenue Measure Is Almost a Law.

NOW GOES TO THE PRESIDENT.

The Report Was Adopted by the Decisive Vote of 43 to 22—Newlands' Resolution to Annex Hawaii Will Be Acted on Next Wednesday.

Washington, June 11.—Shortly after 4 o'clock Friday afternoon the conference report on the war revenue bill was agreed to by the senate after a discussion lasting four hours. The debate upon the measure was without special incident, and was entirely devoid of acrimonious features. The report was agreed to by the decisive vote of 43 to 22. Every republican voted for the measure, and their votes were supplemented by those of eight democrats, one silver republican and one independent. The democrats who voted for the adoption of the report were Messrs. Caffery, Gorman, Lindsay, McEnery, Mitchell, Morgan, Murphy and Turpie, the silver republican was Mr. Mantle, and the independent was Mr. Kyle. The vote against the report was cast by sixteen democrats, three silver republicans and three populists.

As soon as the engrossed bill can be signed by the presiding officers of the two branches of congress it will be sent to the president.

VOTE ON HAWAII NEXT WEEK.

House Agrees to Debate the Subject Until Wednesday Night.

Washington, June 11.—The feature of Friday's session of the house was the securing of an agreement to consider and vote upon the Newlands resolution to annex Hawaii. Beginning to-day, the debate will proceed until 5 o'clock next Wednesday afternoon, when a vote will be taken. Eight democrats voted with the annexationists in the movement to force consideration of the resolutions, they being Messrs. Berry (Ky.), Deviles (Cal.), Livingston (Ga.), Brucker (Mich.), Cummings, Sulzer and Vohlsig (N. Y.), and Cochran (Mo.). It is claimed at least twenty democrats will favor the resolutions.

The bill to enable volunteer soldiers to vote at congressional elections was passed, and a number of minor measures, chiefly of a private nature, were considered.

SITUATION AT HAVANA.

Fortifications of the City Said to Be Impregnable.

Chicago, June 11.—The Tribune publishes the following from a special correspondent:

Kingston, Jamaica, June 10.—Havana from the sea is almost impregnable. Its fortifications have been and are being strengthened, work on them being pushed almost incessantly.

Havana is not starving and is not near it. There is enough food on hand to last for some time.

There are 50,000 troops in the city apparently in good condition. The esprit de corps is excellent and the soldiers seem anxious for a fight.

There is no yellow fever in Havana and the stories of an epidemic are not true.

THE TRADE REVIEW.

Imprisonment of Spain's Fleet Tends to Improve Business.

New York, June 11.—R. G. Dun & Co.'s Weekly Review of Trade says:

"The certainty that the Spanish Atlantic fleet is imprisoned and powerless to do harm has helped to make the tone of markets confident. Every step of progress during the week which has looked toward an early termination of the struggle has been reflected in the market and in lower rates for money. All industries have felt the uplifting influence. In finances the growing anxiety to lend on even long exchange at low rates in place of shipments of gold to this country begins to accumulate a standing credit in favor of the United States. A stronger situation it would be difficult to describe. Men have been buying and selling stocks with some blindness, though the course of events has all the time warranted a higher market. Other countries have yet to pay in some way an enormous balance."

"Men talk as if wheat had gone down out of sight, but the collapse of May speculation has only made it more evident that the outside world requires nearly if not quite all the wheat this country can spare. Last week Atlantic exports, flour included, were 4,206,293 bushels, against 1,634,602 last year, and Pacific exports were 253,213, against 126,212 last year, and it is close to the end of the season. Over 21,000,000 bushels of wheat has already been exported, and almost 200,000,000 bushels of corn, 4,134,800 bushels during the last week, against 1,787,35 last year, and the market is justified in feeling that those who have gone so far beyond all precedent in defying current reports are entitled to pay for it."

"Failures for the week have been 202 in the United States, against 262 last year, and 17 in Canada, against 30 last year."

Great Wheat Crop Promised.

Washington, June 11.—Preliminary returns of the spring wheat acreage, with the two Dakotas in particular subject to revision, indicate a total area seeded of 16,800,000 acres, which, added to the area in winter wheat, 26,200,000 acres, makes a total of wheat acreage of 43,000,000 acres, or rather more than 3,500,000 acres greater than last year. There is an increase of 8 per cent in Minnesota, 22 in Iowa, 10 in Nebraska, 11 in North Dakota, 8 in South Dakota, 5 in Oregon, and 20 in Washington.

Gage Explains Bond Issue.  
Washington, June 11.—Most of the regular cabinet session Friday was devoted to hearing Secretary Gage explain the manner of disposing of the \$400,000,000 of bonds authorized by the revenue bill. The bonds will be sold at par, and those who propose to take the smaller amounts will have first choice. Persons who offer \$20 for one bond only will be put down first on the list of accepted bidders; those who offer to take two bonds will be next, and so on. The call for proposals will be issued on June 16, and thirty days later the bids will be opened at the treasury department.
